

Following the Government's announcement today, Fairview Hotels are delighted to announce the reopening of its hotels and welcome all guests from 4th July 2020 in England and from 13th July in Wales.

All hotels are following the respective brand guidance and certification for covid safe cleanliness protocols. Accor – IBIS- Mercure- Novotel Brands and IHG Way of Clean for Holiday Inn.

For your safety and that of the hotel teams, there will be limited contact between our team and guests to ensure we observe social distancing and meals will be 'take away' style to be eaten in your room or socially distanced in the open areas of the hotel where possible. All leisure facilities will remain closed until further notice.

During lockdown most of our hotels stayed open to support the vital response of the NHS and other blue light services as well as other key worker groups needing to be accommodated to keep the UK's essential services going.

We would like to thank our hotel teams for their hard work and dedication during this difficult time and look to welcoming all guests back to our hotels.

Thank you for your continued support

Satish Chatwani
Director
